| Your doctor has recommended that you use Melbourne Pathology. You are free to choose your own pathology provider. However, if your doctor has specified a particular pathologist on clinical grounds, a Medicare rebate will only be payable if that pathologist performs the service. You should discuss this with your doctor. |            |           |            |                      |                                                                                                                                                                                                                                                                                                                                                                                                                                               |
