Bank Australia

Private Bag 12
Kew VIC 3101

To Whom It May Concern:

Firstly, I would like to convey how excited I am by the Bank Australia customer proposition. I have been working in London for the past 4 years and to come home to billboards for a financial institution promoting responsible and ethical banking is mind blowing.

I am writing in response to the **Project Support Consultant** position advertised on your website. My educational background is in **Business, Accounting and Finance**. I have 8 years of experience in banking across Australia, the UK and EU. 6 of those years were spent working on Projects of all shapes and sizes.

As per my resume, I spent a significant amount of time working for one of "The Big Four" in Australia. However, at this point in my career, like many other "Gen Y's", I have reevaluated my life and want to make significant changes in order to help create a brighter future for generations to come. My values are very much so aligned to those of the Bank Australia brand and I feel incredibly passionate about bringing about economic and societal change any way that I can.

I would love to discuss the aforementioned opportunity in more detail. I hope to hear from you soon.

Sincerely,

Nish Dougall
