Naarm, VIC, 0412 202 666, Australia

Dear Hiring Manager,

I am thrilled to apply for the Harm Reduction Peer Worker role at Harm Reduction Victoria, as it aligns perfectly with my passion for peer-based harm reduction and health promotion. My lived experience of substance use, combined with my volunteering in a similar role, has equipped me to provide high-quality education and support to individuals.

In my previous roles, I have honed my skills in explaining complex medical information in a comprehensible manner. This ability would be beneficial in contextualising chemical analysis results for individuals considering their unique medical conditions and potential contraindications.

My work on the International Students Project Centre demonstrates my capacity to work in dynamic environments. I was instrumental in developing culturally sensitive mental health resources, showcasing my ability to tailor services based on individual needs - a skill that is essential for the HRPW role.

Moreover, I have extensive experience working alongside multidisciplinary teams, which will enable me to collaborate effectively with chemists and health workers at HRVic.

Your organization's commitment towards promoting the well-being of people who use drugs resonates with me deeply. It would be an honor to contribute to such vital work by joining your team. My availability aligns with your requirements and I look forward to discussing further how my experiences can benefit your team.

Sincerely,

Nishant Dougall
